

Daniel E. Blickenstaff, DDS, PC
975 NW Saltzman Road – Portland, Or 97229
Phone: 503-646-1463 Fax: 503-646-0753
doctordandds@verizon.net

At Dr. Blickenstaff's office, we strive to provide the best care with optimal products. It is for this reason that we **do not** use Mercury Amalgam in our fillings. Dr. Blickenstaff chooses instead to use tooth colored composite resin which is kinder to your teeth and better for the environment.

As a courtesy to you, our patient, we make every effort to make understanding your dental benefits as easy and stress-free as possible. Using the insurance information you provide, we call the company and get an 'insurance benefit breakdown'. This is a *rough* estimate of what your insurance will and will not cover. As much as we would like to follow each and every insurance plan, it is not possible. The information we receive from them is NOT binding and we cannot be held liable for inaccurate estimations of benefits. Ultimately, it is *your* responsibility to know your insurance coverage. Your portion is calculated by the estimated percentages given by your insurance company. We are more than happy to bill your insurance, however, *your estimated portion is due at the time of service*. Any fees that are not paid by your insurance are *your* responsibility, as well.

For uninsured patients, *payment is required at the time of service*. We accept all major credit cards, checks, with proper I.D., and cash. We do not accept payment plans, however, Care Credit is available to those who qualify. Please ask for a brochure or go to CareCredit.com for more information.

I have read the above information and agree to its terms.
